Kitano T., Kobayakawa H., Saitou N.;

Submitted (JAN-2000) to the EMBL/GenBank/DDBJ databases.

CC -!- SUBCELLULAR LOCATION: Integral membrane protein (By similarity).

CC -!- SIMILARITY: Belongs to the sodium channel family.

Sequence 14, Application US/08605284B
PACENT NO. 6060271
GENERAL INFORMATION:
APPLICANT: WALEWSKI, JOSE L.
APPLICANT: RECIO-PINTO, ESPERANZA
TITLE OF INVENTION: VOLTAGE GATED SODIUM CHANNELS FROM
TITLE OF INVENTION: HUMAN PERIPHERAL NERVE
                                                                                                                                                                                                                                                                                                                                                                                                                         Query Match
